ChairClub | NEST N.01

Beautiful inside & out

Connect your people.

chairclub

PART CHAIR. ALL HUMAN.

NEST LM.01

Spontaneous interactions

The way we interact in the office is changing fast. Great ideas aren't created in austere boardrooms. Clever solutions can't wait for formal meetings. The best interactions happen spontaneously. The NEST is our solution.

Task bars

The task bars on the side frames of the NEST can accommodate plant holders, magazine racks and brochure stands.

NEST table

Small footprint specifically designed for laptops.

Options

Frame and Upholstery colours

Any colour - you choose - have fun!

The bright idea

Great ideas happen when inspired people swap ideas. Modern companies understand that informal meeting areas are where their bright young things get together to create bright ideas. An area that is relaxed and comfortable.

Acoustic area

Hard wearing fabrics on the acoustic area to reduce ambient sound

The NEST comes with options of power and data links for your smart devices. Now your power hungry equipment will remain fully charged throughout your meeting, with quick and easy access to the Internet.

Happiness by design

The happier you are the more beautiful you become

It's time to lighten up a bit. No, check that, to lighten up a lot. Banish ugly and uncomfortable office chairs to the scrapheap of history. To replace them with beauty, comfort, brightness and joy. So we invented ChairClub: German design meets South African engineering and production. Boom! Beautiful chairs and big smiles.

German quality and style

First we asked award-winning German designer Stefan Brodbeck to create office chairs that would throw out the office-chair rulebook. Youthful, happy and no-compromises comfortable. He got it.

Proudly made in South Africa

Then we asked our team in South Africa – product development, manufacturing, marketing, logistics, quality control and many others – to build our chairs to the highest global standards. They do.
