Spontaneous interactions

Great ideas aren't created in boardrooms. Spontaneous interactions are where great ideas are generated.

Casual seating

Staff need space where they can meet their colleagues and chat about new ideas. Our informal multi-shaped Rocks ottoman seating bring casual seating to the office environment.

Happiness by design

The happier you are the more beautiful you become

It's time to lighten up a bit. No, check that, to lighten up a lot. Banish ugly and uncomfortable office chairs to the scrapheap of history. To replace them with beauty, comfort, brightness and joy. So we invented ChairClub: German design meets South African engineering and production. Boom! Beautiful chairs and big smiles.

German quality and style

First we asked award-winning German designer Stefan Brodbeck to create office chairs that would throw out the office-chair rulebook. Youthful, happy and no-compromises comfortable. He got it.

Proudly made in South Africa

Then we asked our team in South Africa – product development, manufacturing, marketing, logistics, quality control and many others – to build our chairs to the highest global standards. They do.
